ClearWaterIreland — Water Softener Supply and Installation

Tel: (1) 726 7941 | Dublin and Leixlip

1	Welcome Guide	What to expect before, during, and after your installation
2	Installation Agreement	Sign before work begins — both parties retain a copy
3	Terms and Conditions	Our agreement with you, written in plain English
4	Your Warranty	What is covered, for how long, and how to make a claim
5	Aftercare Guide	How to look after your system day to day
6	Privacy Notice	How we handle and protect your personal information
7	Quotation	Your price breakdown and acceptance form

Keep this pack somewhere safe. You will need it for warranty claims, salt top-ups, and future service visits. Call us any time on (1) 726 7941.

■ CUSTOMER DOCUMENT — HAND TO CUSTOMER

ClearWaterIreland

Thank you for choosing ClearWaterIreland. This guide tells you exactly what to expect on installation day and how to get the most from your new system.

1

Before We Arrive

Check the area around your proposed installation point is clear and accessible. Know where your mains stop-valve is. An adult aged 18 or over must be present for the full duration of the installation.

2

On Installation Day

Our installer will walk you through the work before starting and answer any questions. There will be a brief interruption to your water supply. The job typically takes 2 to 4 hours. We will tidy up before leaving.

3

After We Leave

We will show you how the system works and how to top up the salt. You will receive this document pack for your records. Call us any time on (1) 726 7941 if you have questions.

What Is Included In Your Installation

Standard Package — €1,400

- ✓ Culligan water softener — supply and professional installation
- ✓ Bypass valve fitted and tested
- ✓ Full commissioning and testing on the day
- ✓ Water hardness test before and after installation — confirming the system is working
- ✓ Complete walkthrough of how to use and maintain your system
- ✓ This customer document pack
- ✓ 2-year unit warranty and 12-month workmanship warranty
- ✓ Ongoing aftercare support — call (1) 726 7941 any time

Premium Package — €1,750

Everything in the Standard package, plus:

- ★ Dual Softener and Filter System — water softener and drinking water filter in one compact unit
- ★ Drinking water tap supplied and fitted at your kitchen sink — delivers clean filtered water on demand
- ★ Smart app — monitors salt levels and filter life, sends alerts to your phone

★ 3-year unit warranty plus 10-year parts warranty

★ Priority callback — you go to the top of the list if anything ever needs attention

What Is Not Included

✗ Electrical supply work — must be arranged separately with a registered electrician if required

✗ Decorative reinstatement such as painting, tiling, or plastering

✗ Repair of pre-existing plumbing issues unrelated to the water softener installation

Installation Agreement

Please read carefully and sign before installation begins

D Acknowledgements — Please Tick Each Box

- ☐ I have disclosed all known issues with the property's plumbing, pipework, or water supply.
- ☐ I understand that ClearWaterIreland is not responsible for pre-existing faults or deterioration in the property's plumbing.
- ☐ I confirm that the water pressure at this property is suitable for a water softener (typically 1.5 to 8 bar).
- ☐ I understand the system requires access to a mains bypass valve and a suitable drain connection.
- ☐ I confirm a suitable electrical supply point is available, or will be provided by a registered electrician before installation.
- ☐ I understand that minor disturbance to decorative finishes may occur and that reinstatement is not included.
- ☐ I have received and read ClearWaterIreland's Terms and Conditions.
- ☐ I have been informed of my right to cancel within 14 calendar days under the Consumer Rights Act 2022.
- ☐ I agree that the balance is due and payable on the day of installation upon satisfactory completion.

There will be a brief interruption to the water supply during installation. In rare cases involving older pipework, connecting to the mains may reveal pre-existing weaknesses beyond our control. If any unforeseen issues arise, the installer will stop and discuss before proceeding. Any additional costs will be agreed in writing first.

E Signatures

By signing below, both parties confirm that the details above are correct and that the customer has read and agreed to ClearWaterIreland's Terms and Conditions.

1. What We Will Do For You

We will supply and professionally install a water softener system at your property. This includes: a pre-installation site assessment; supplying the unit and all necessary fittings; installing and commissioning the system; testing and demonstrating the system; and providing this document pack. Anything else such as electrical work or replastering is not included unless specifically agreed in writing.

2. Your Quote and Price

We will give you a written quote before any work begins. Your quote is valid for 30 days and includes VAT at the applicable Irish rate. If something unexpected arises during installation we will always stop and discuss it before continuing. We will never charge extra without your written agreement.

3. Payment

A 50% deposit is required to secure your booking, payable by Stripe card link, bank transfer, or cash. The remaining balance is due on the day of installation, once work is complete and you are satisfied. Receipts will be issued for all payments. The unit remains our property until the balance is paid in full.

4. Your Responsibilities

Please ensure the installation area and your mains stop-valve are accessible on the day. Let us know in advance about any known plumbing issues. Have an adult aged 18 or over present throughout. Arrange an electrical supply point if required — we do not carry out electrical works. In winter, protect the unit from frost, especially if it is in an unheated garage or outhouse.

5. Your Right to Cancel

Under the Consumer Rights Act 2022, if we agreed this contract at a distance or away from our premises, you have the right to cancel within 14 calendar days without giving any reason. Contact us in writing to cancel — a text or email is fine. If you ask us to start within the 14-day period and then cancel, we may charge for reasonable costs already incurred. After the 14-day period, your deposit may be retained to cover costs.

6. Our Workmanship

Our installers will take all reasonable care of your property. We are not responsible for pre-existing damage or issues not caused by us. If we cause accidental damage, we will let you know immediately and work with you to put it right.

7. Our Liability to You

Nothing in these terms limits our liability for death or personal injury caused by our negligence, or any liability that cannot be excluded under Irish law. Our overall liability will not exceed the total amount you have paid us. We are not liable for indirect losses such as inconvenience or higher utility bills.

8. If Something Goes Wrong

Call us first on (1) 726 7941. We aim to acknowledge all issues within one working day. If you remain unsatisfied, contact the CCPC at www.ccpc.ie or 01 402 5555.

9. Governing Law

This agreement is governed by the laws of Ireland. Your statutory rights under the Consumer Rights Act 2022 and the Sale of Goods and Supply of Services Act 1980 are not affected by these terms.

Your Warranty

What we cover, for how long, and how to make a claim

■ CUSTOMER DOCUMENT — HAND TO CUSTOMER

ClearWaterIreland

Standard Package

Culligan Water Softener

2 Years

Unit Warranty

12 Months

Installation Workmanship

Premium Package

Dual Softener and Filter System

3 Years

Unit Warranty

10 Years

Parts Warranty

12 Months

Installation Workmanship

What Is Covered

- ✓ **Standard:** Manufacturing defects in the Culligan unit for 2 years from the installation date.
- ✓ **Premium:** Manufacturing defects in the Dual Softener and Filter System for 3 years from installation, plus 10-year parts warranty.
- ✓ **Both packages:** Defects in our installation workmanship for 12 months — covers leaks at our connections, incorrect programming, and faulty bypass valve installation.

What Is Not Covered

- ✗ Running out of salt or using the wrong type of salt in either unit
- ✗ Damage caused by anyone else working on the system without our prior written approval
- ✗ Normal wear and tear of consumable parts over time, including resin degradation
- ✗ Damage caused by abnormal water pressure or supply interruptions
- ✗ Frost damage where the unit was in an unprotected, unheated space
- ✗ Cosmetic marks or scratches that do not affect how the system functions
- ✗ Faults arising from pre-existing plumbing issues not caused by ClearWaterIreland
- ✗ **Premium — filter cartridge:** Annual replacement due to normal use is routine maintenance, not a warranty defect. We will remind you when it is due.

How to Make a Warranty Claim

Step 1	Call us on (1) 726 7941
Step 2	Have your name, address, and installation date ready
Step 3	Describe what is happening — we will advise next steps and arrange a visit if required
Response time	Within 1 working day. Active leaks are treated as urgent — same day response.
Within warranty	Genuine warranty call-outs are free of charge, including labour and parts.
Outside warranty	Call-outs are subject to our standard service charge, quoted in advance.

This warranty does not affect your statutory rights. Under the Consumer Rights Act 2022, goods must be of satisfactory quality, fit for purpose, and as described. For more information: www.ccpc.ie | 01 402 5555

How Your Water Softener Works

Hard water contains dissolved minerals — mainly calcium and magnesium — that cause limescale on appliances, pipes, and surfaces. Your water softener removes these through ion exchange: hard water passes through a resin tank, resin beads capture the calcium and magnesium and replace them with a small amount of sodium. The result is soft water that protects your home throughout. The system regenerates automatically overnight using salt dissolved in water, called brine. You may hear a gentle sound of running water late at night — this is completely normal.

Premium Package — Dual Softener and Filter System

Premium Package customers: Your system combines a water softener and a drinking water filter in one compact unit. The drinking water tap at your kitchen sink delivers filtered water directly from this built-in filter — removing chlorine, sediment, and impurities. The filter cartridge requires replacement approximately once every 12 months. We will contact you when it is due. If you notice any change in water taste or quality from your drinking tap, call us on (1) 726 7941 straight away.

Salt — What to Use and How Often to Top Up

Standard Package

Culligan Water Softener

Use **tablet salt or block salt** specifically designed for water softeners.

Premium Package

Dual Softener and Filter System

Use **tablet salt only** as specified for this unit. Do not use block salt or any other type.

Important: Never use cooking salt, dishwasher salt, road grit, or any other type. Using the wrong salt damages your system and will void your warranty.

Household Size	Approx. Salt Usage	How Often to Check
1 to 2 people	3 to 5 kg per week	Monthly
3 to 4 people	5 to 8 kg per week	Every 2 to 3 weeks
5 or more people	8 to 12 kg per week	Weekly

What Is Normal — No Need to Worry

✓ A gentle sound of running water or a click late at night — the overnight regeneration cycle

- ✓ A small amount of water draining away during regeneration
- ✓ Water that feels slightly silkier than before — your soft water working correctly
- ✓ A very slightly salty taste at the tap immediately after regeneration — clears quickly
- ✓ The salt level in the cabinet gradually going down over time

When to Contact Us

Call (1) 726 7941 immediately	Water leaking from the unit or nearby pipes — turn off your mains stop-valve first, then call us
Limescale returning	Building back up on kettles, taps, or shower heads — system may need servicing
Unusual noises	Noises at unexpected times — not the overnight regeneration cycle
Error codes	An error light or fault code on the unit display panel
Salt not going down	Salt level unchanged over several weeks — may indicate a regeneration fault
Salt bridge	A hard crust forming over the top of the salt in the cabinet — prevents proper regeneration
Annual service	We recommend a service check every 2 to 3 years to keep your system in top condition
Premium only	Any change in taste or quality of water from your drinking water tap — call us immediately

Drinking Water

Softened water is safe for most adults to drink. However, because it contains a small amount of added sodium, it is not recommended for making up infant formula or for people on a medically prescribed low-sodium diet.

Premium Package customers: Your drinking water tap delivers clean filtered water from the built-in filter. This water contains no added sodium and is suitable for drinking, cooking, and making infant formula. Standard package customers can have a separate unsoftened tap added at any time — call (1) 726 7941 to discuss.

■ CUSTOMER DOCUMENT — HAND TO CUSTOMER

ClearWaterIreland

This notice is provided in accordance with the General Data Protection Regulation (GDPR) and the Data Protection Acts 1988 to 2018.

Data Controller	ClearWaterIreland Tel: (1) 726 7941 Ireland
What We Collect	Your name, phone number, and email address. Your home address and Eircode. Details of the work carried out — installation date, system type, and service history. Payment records showing amounts and dates. Card details are never stored. Any correspondence if you contact us with a question or complaint. We do not collect sensitive personal data and we never sell your information to anyone.
Why We Need It	To carry out the installation and service your system. To process payments and keep financial records as required by Irish tax law. To manage warranty claims and callbacks. To contact you about your installation, scheduling, and follow-ups.
How Long We Keep It	We retain your records for 7 years after completion of work, in line with Irish tax and business requirements. After this period, your records are securely deleted.
Who We Share It With	We do not sell or share your information for marketing purposes. We may share it only with the manufacturer of your unit if processing a warranty claim, with our accountant to meet legal obligations, or if required by law or a competent authority.
Your Rights Under GDPR	You have the right to access data we hold, correct inaccurate data, request deletion in certain circumstances, restrict or object to processing, and request your data in a portable format. Contact us on (1) 726 7941 to exercise any right. We will respond within one month.
